Creating playlists with the software called Playlist editor supplied provides you with more advanced features namely options such as adding scheduling and more advanced features for Images, Video and audio. The software also allows you to edit any part of a pre- existing playlist.

Main Menu

Create New Playlist

Allows you to create a new playlist and Add:

- Scheduling
- Images
- Audio
- Video
- Scrolling messages

Load existing playlist.

Allows you to load previously created playlists and edit any section within that playlist. The playlist editor is laid out in an easy to use manner, on the left hand side of the application the primary functions are set out in easy to follow steps.
