22” Hand Sanitiser Network Android Advertising Display

Broadcast COVID messaging and promotional content whilst providing automated hand sanitising facilities

Hand Sanitising Digital Signage

In areas where hygiene is key, and hand washing facilities are not available, these displays are ideal. They combine a hand sanitising station* with a versatile Digital Signage solution.

Contactless Usage

These displays come with a network upgrade and lifetime free subscription as standard so can be updated from our online CMS portal. They feature no external buttons or controls and have an automated on/off power timer to minimise contact following installation.

- Free Network Upgrade & Subscription
- 24/7 Commercial Grade
- 3 Year Manufacturer’s Warranty
- Complete Steel Enclosure
- Integrated Android Media Player
- Automatic Dispensing
- Easy Refill
- Sanitiser Level Indicator
- Compact and Lightweight Design
- Optional Floor Stand

Other Features

3 Year Warranty

We offer a full commercial 3 year manufacturer's warranty and free lifetime technical support, giving you complete piece of mind.

24/7 Usage

This is a true commercial grade solution. Built using a commercial grade LCD panel and components it is designed to be in constant use.

Robust Steel Enclosure

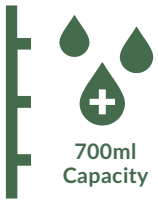
This solution features a full metal enclosure making it perfect for any commercial or public environment, especially in locations where impact is a concern.

Optional Stand Available

The display can be wall mounted as standard or mounted onto a stylish floor stand, for easy portability. The modern stand also features an illuminated blue LED strip.

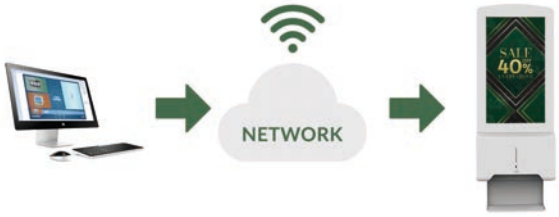
Safe Tank Capacity

Most standard hand sanitiser stations have a capacity below one litre; this is because it reduces the risk of evaporation caused by larger tanks. This is important because as the sanitiser evaporates the alcohol content reduces – decreasing the effectiveness of the sanitiser.



Online Content Management System

Using our user-friendly cost-effective software solution you can combine multiple media zones (images, videos, webpages etc.), social media feeds, scrolling text and RSS feeds for latest news.



Fully Automated Dispensing

The fully automated design removes the need to touch the dispenser, simply place your hand under the dispenser and a single or double dose of sanitiser will be dispensed. The dispense valve is non-spray, non-clog and can support liquid or gel.

Safe Maintenance

The easy front access door to allows you to conveniently re-fill the sanitiser tank however to carry out maintenance on the internal components you must remove the rear panel. This two-way access ensures that no electronics are exposed when the tank is being re-filled, preventing a potential fire hazard or any damage to the display.

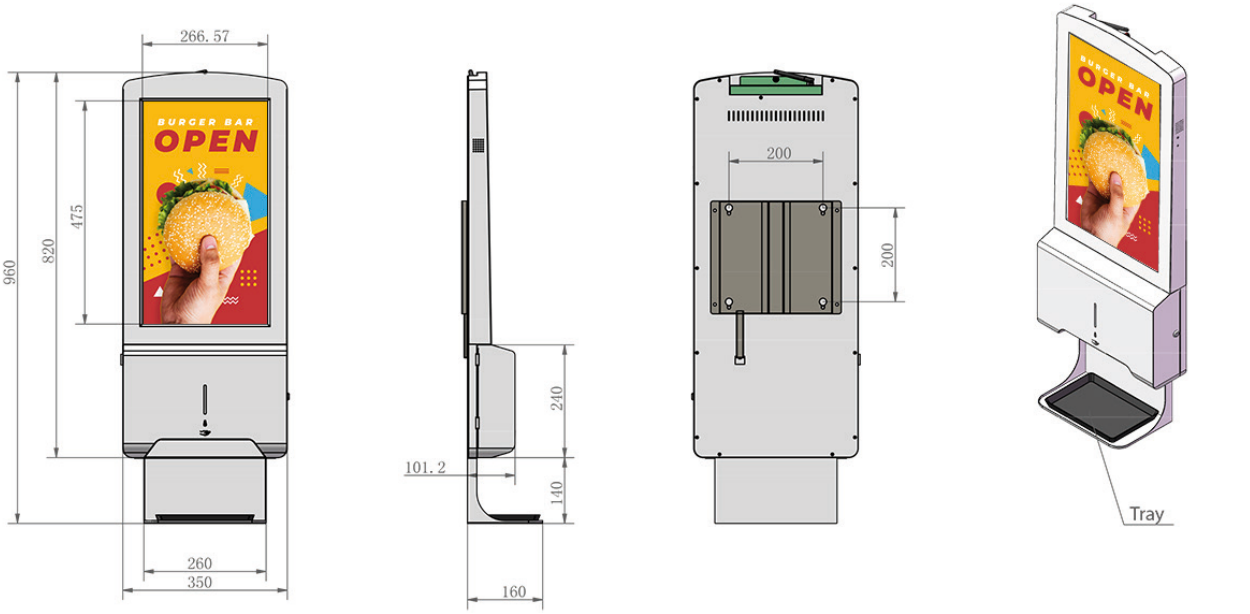
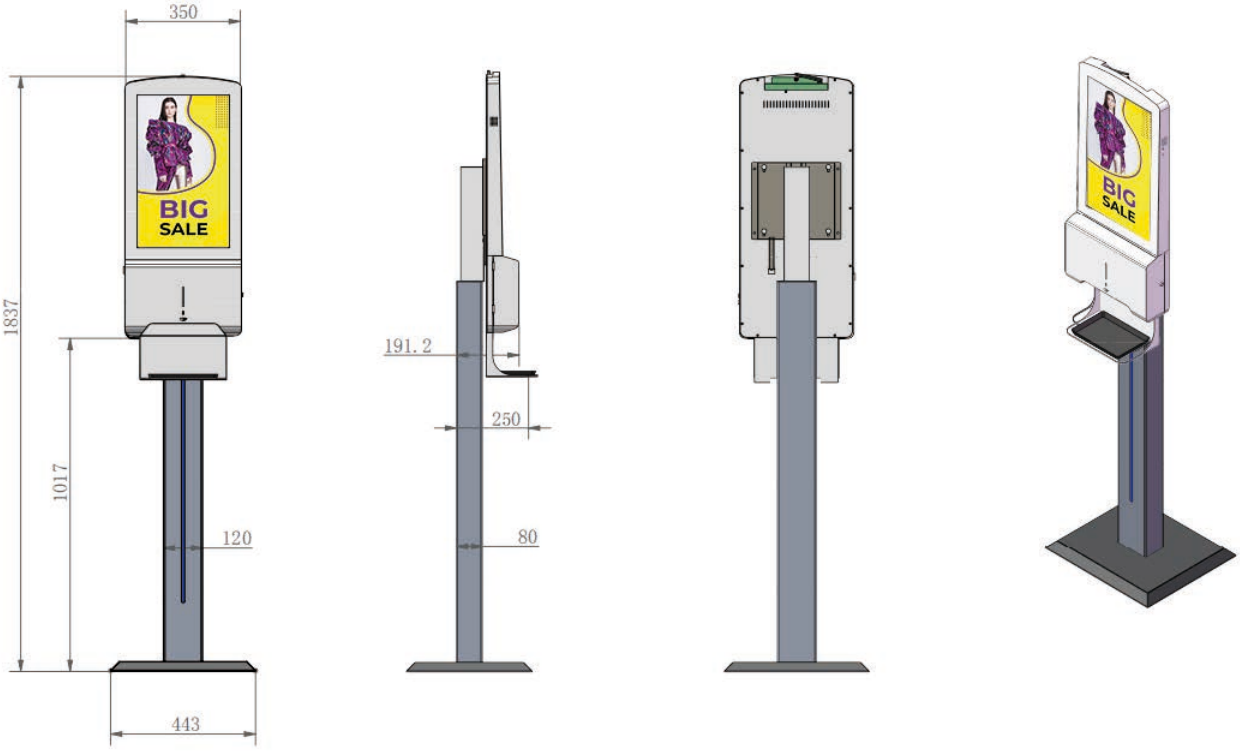
Technical Drawing

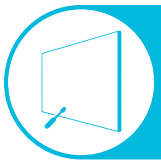




Why Choose Our Commercial Display Solutions?

Lifetime Technical Support

From the moment you receive your product, throughout the duration of your warranty and even after your warranty has expired we are here to support you. If you require any assistance setting up or using your product, or have any problems at all, we can provide free technical support via telephone and email.



On-site Support and Maintenance*

If needed, we can provide an installation service for any of our products. We can also set up service-level agreements for larger projects that require maintenance contracts.

Extended Warranty*

All of our commercial display products come with a 3 year commercial warranty as standard but if you want to extend this you can upgrade this to cover a 5 year period at point of purchase.

Training

As well as providing free remote CMS training sessions and webinars we can also visit you to deliver bespoke training for our software and hardware*.

Advanced Replacements†

Should your display suffer from any kind of hardware failure during the warranty period we will send you an advanced replacement and arrange for your old display to be collected, free of charge. This ensures no downtime where you are without a screen.

Custom Product Testing & Configuration

If you need us to test third party software or a website, or configure your screen in a particular way before it is dispatched (e.g. in a particular orientation or network mode), we can do so to make your life easier.

3D Rendering

Want to know how a particular screen will look once installed? Send us a photo of the location and we will create a 3D rendering of any screen in situ to help you to visualise how amazing it will look.

Logistics Support

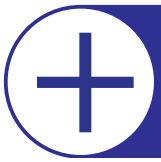
We hold more stock in our UK warehouse than any other manufacturer so we can help you meet tight deadlines. For last minute orders we can also offer special express or morning delivery options*. We also carry out UK based quality control checks on every display before it leaves our warehouse.

Project Support

If you need to loan a sample unit to test we'd be more than happy to arrange this. We can also provide a rental service for temporary projects*.

Customisation*

Your display can be customised to suit your requirements by adding your logo or printed graphics or even tailoring the colour of a display. We can also carry out hardware modifications to existing products or manufacture bespoke solutions for special projects.



Extras*

As well as being able to provide accessories and add-ons, such as extra remote controls, NUC PCs and video wall controllers, we can also supply custom made flight cases which are great if a display needs to be moved safely from place to place.

†UK mainland only
