Power Consumption	Average	30W
	Max	60W
	Standby	0.5W
OS	Windows 7, 8, 10, Linux	
Connectivity	Outputs	Audio Out, HDMI, DisplayPort, Mic
Size (mm)	180x119x30	

## A COST EFFECTIVE OPS SOLUTION

### Performance meets Value

The 4th Generation Intel® Core™ i3 Processors provides more computing power than the previous generation of Celeron, has one of the lowest power consumptions in the class and is incredible value for money.

### Flexible Working

Its unique architecture supports a wide range of different operating systems like Windows 7, 8, Windows 10 or even Linux to suit your way of working.

### Intel 4K Graphics

Experience a remarkable 4K resolution, with faster frame rates and outstanding visual details for video playback thanks to the Intel® 5th generation integrated graphic chip.

### Fully Embedded Solution

All the connectors are contained within the display including power and both video and audio signals so no external cables are required.

### Quality Commitment

Built with industrial grade components you can be confident in the reliability of our product and so offer a 5 year warranty on the OPS computer.

### DC Power Port

A mains power connection means the OPS can be used with display devices without an OPS slot.

### Economical

Utilise a higher performance level while consuming less power.

\*This product has a 5 year warranty when purchased with the Interactive Touch Displays otherwise a 3 year warranty is applied..
